Re San Juan airtel to Bureau, 2/27/70.

Enclosed for the Bureau Laboratory are 48 numbered plastic envelopes containing items of interest in this case, not necessarily in numerical sequence.

During December, 1969, the Police of Puerto Rico (POPR), arrested several members of captioned organization on charges involving violations of the Explosives Law of Puerto Rico connected with bombings of various business establishments in the San Juan area during that month. Two leaders of the group, ROBERTO TODD PAGAN and FILIBERTO INOCENCIO OJEDA RIOS, were not arrested at the time although warrants had been issued for them and the police have been searching for the pair since.

On February 23, 1970, Office of Intelligence (OI), POPR, received information from reliable confidential sources that OJEDA RIOS was living at [REDACTED] Puerto Nuevo, San Juan, Puerto Rico, and that ROBERTO TODD PAGAN was hiding in an apartment at [REDACTED] Bayamon, Puerto Rico. On February 24, 1970, OI Agents conducted raids at the two addresses but neither subject was present in the respective hiding place at the time.

b7C At [REDACTED] the OI Agents seized a large manila envelope containing an abundance of written material. Much of the written material is specifically identified with MIRA and with "Ruben." OI sources have previously identified "Ruben" as the code name of OJEDA RIOS.

At the Bayamon address, OI Agents seized written material of the same character as that seized in Puerto Nuevo and in addition a high powered rifle, a pistol and a volume of equipment utilized in the construction of incendiary-bombing devices. This equipment included chemical substances, timing devices, batteries and wiring. On the day of the raid an OI source identified TODD PAGAN as a clandestine resident in the apartment to whom the written material and other equipment described belong. This source and other OI sources have identified "Hugo" as the code name used by TODD PAGAN.

The written material seized at both places included MIRA propaganda; codes; outlines and descriptions of organizational structures; instructions and suggestions on clandestine procedures to be followed by MIRA members; and written messages, a number of which reflect communication between TODD PAGAN and OJEDA RIOS in their capacity as MIRA leaders.

For the information of the Bureau Laboratory, Cryptoanalysis and Translation Section the enclosed 48 items are a small sampling of items seized in these two raids.

Items numbered 1 - 14 and 89 contain writings of interest to the Cryptoanalysis and Translation Section of the Bureau Laboratory.

Items numbered 15 - 19 and 87 possibly pertain to radio transmission procedures, possibly in coded text.

Items numbered 20 - 40 and 88, 90, 91, 92, 93, 94 are of general interest in this case but are partially illegible possibly due to a bleaching process.

It is requested of the Bureau to analyze the possible coded messages enclosed, for additional information in this matter.

It is also requested that the Bureau obtain legible samples and translations of the bleached writings enclosed herein.

~~SECRET~~

SJ 105-12319

The Bureau may consider contacting NSA in view of the possibility of transmissions being sent from the Bayamon area of Puerto Rico due to the information noted on items 15 - 19 and 87. [REDACTED]

Also with reference to [REDACTED]

[REDACTED] Philadelphia letter 2/10/70 indicated that one [REDACTED] was licensed to operate a radio on Citizens Band under call letters [REDACTED] which license expires [REDACTED]. The San Juan Office has determined that [REDACTED] is, in fact, the daughter of [REDACTED]

All items located in Bayamon, Puerto Rico, as noted on each plastic envelope, were found soaked in a liquid solution possible pine oil in an attempt to bleach the writings from the paper.

The San Juan Office is continuing their investigation using all items obtained during the two raids. The enclosed items appear to be of initial importance in this matter.

Although no definite decision has been made on the part of OI-POPR, San Juan, Puerto Rico, pertaining to future use of the enclosed items, all items that have been initialed should be handled as evidence.

In the Bayamon address, CI Agents seized written material of the same character as that seized in Puerto Rico and in addition a high powered rifle, a pistol and a volume of equipment utilized in the construction of incendiary-bombing vehicles. This equipment included chemical substances, timing devices, batteries and wiring. On the day of the raid on CI Agent identified TODD PAGAN as a clandestine resident in the apartment to which the written material and other equipment is being taken. This source and other CI sources have identified "Ringo" as the code name used by TODD PAGAN.

The written material seized at both places included: propaganda; codes; outlines and descriptions of organizational structures; instructions and suggestions on clandestine procedures to be followed by MIRA members; and written messages, a number of which reflect communication between TODD PAGAN and LINDA RICE in their capacity as MIRA leaders.

Among the documents seized at [REDACTED] was the original of a Spanish language enclosure which appears to have emanated in New York and is signed "ANA." Documents available to San Juan indicate that "ANA" is a member of the New York City cell of MIRA. In the enclosed letter "ANA" states that she accompanied the body of "FEFEL" to Puerto Rico.

[REDACTED] San Juan determined that MARTA CRISTINA SANCHEZ OLMEDA is the individual who accompanied the body of JOSE VARONA, aka "FEFEL" to San Juan after the body had arrived in New York on March 31, 1968.

[REDACTED] she has had close relationships with JUAN MARI BRAS, General Secretary of the Movimiento Pro-Independencia de Puerto Rico (Puerto Rican Independence Movement) (MPIPR) and PEDRO LUIS PINERO of the Cuban Mission to the United Nations.

On 3/6/69, the above information was furnished to Captain E. SANCHEZ, Office of Intelligence, Police of Puerto Rico (OI-POPR), and he advised that he planned to telephonically furnish the identity of SANCHEZ OLMEDA to the Bureau of Special Services of the New York City Police Department.

A rough draft copy of the translation of this letter was furnished to New York and the Bureau in view of the importance of the information contained therein and further translations will be submitted in typed form.

Re San Juan airtel, 6/7/70 and Bureau airtel to  
San Juan, 6/6/70.

Spanish language documents of MIRA received from the  
Police of Puerto Rico, Office of Intelligence, (POPR, OI) total  
over 200 in number. In order to expedite the handling of these  
documents, San Juan is utilizing the following procedure:

1) All documents have been scrutinized for any  
information which would require immediate action, identifying  
members of the MIRA organization in Puerto Rico or the United  
States or reveal the activities of MIRA leaders, ROBERTO TODD  
PAGAN or FILIBERTO OJEDA RIOS, both of whom are Federal fugitives.

2) Documents containing enciphered messages, concealed  
writing, or where writing has been obscured by soaking in a  
liquid solution have been sent to the FBI Laboratory for suitable  
processing.

3) A priority of translation has been established  
whereby communications between MIRA cell members and MIRA  
leadership are handled expeditiously, and propaganda and political  
theory documents deferred in processing.

4) As documents are returned from translation they are channelized through two coordinators, whose duties are to prepare documents for dissemination to files and offices of interest and also to construct oral portraits of unidentified cell members from information contained in documents.

San Juan hopes to identify the majority of MIRA cell members through analysis of these documents, following which the Bureau and interested offices will be advised of their identities.

San Juan has already commenced dissemination of the results of the review of the material with the submission of airtel to Bureau and New York, 3/6/70 and Sucop teletype to Bureau, 3/9/70. It is anticipated that additional communications, in form suitable for dissemination if appropriate, will be submitted as required as the review progresses. The more immediate review aspects of the material should be completed within the next three weeks at which time San Juan should be in a position to submit a fairly comprehensive summary of the results.

# Arrestan Acusados Terrorismo

Por José Rafael Reguero

La Policía informó que el jueves en la noche se había producido el arresto de dos jóvenes conectados con el hallazgo de un arsenal de armas en Bayamón.

William Pintado Burgos, de 24 años, y Juan Antonio Castillo Ayala, de 22, fueron arrestados en esa misma ciudad: Pintado Burgos en la calle Comercio --donde se había encontrado el arsenal en meses atrás-- y Castillo Ayala en su residencia en la urbanización Flamingo Hills.

Los jóvenes alegadamente pertenecen a una agrupación conocida como Movimiento Independentista Revolucionario Armado (MIRA). La orden de arresto fue expedida por el juez Jesús Zequeira, del tribunal de distrito de Bayamón, quien

procedió a fijarles fianzas de \$10,000 por supuesta infracción a la ley de explosivos.

Tras el arresto, Pintado Burgos y Castillo Ayala fueron conducidos ante la juez Lolita Miranda, de la Sala de Investigaciones del Tribunal de Distrito de San Juan, quien ordenó rebajar la fianza a \$5,000 en cada caso. Fueron ingresados en la cárcel de distrito de San Juan al no prestar la fianza que les fuera impuesta a cada uno.

Ambos detenidos eran buscados en conexión alegados con actos terroristas perpetrados en establecimientos públicos de Santurce y El Condado, y por los cuales fue también acusado Roberto Todd Pagán, cuyo actual paradero se desconoce. Todd Pagán se presentó a la corte para oír la respectiva acusación la fianza fijada por el juez, pero no concurrió posteriormente a la segunda vista de su caso.

## Acusados de Terrorismo Presentan Hábeas Corpus

Por Sieavenida Ortiz Otero

Dos de los acusados por la campaña terrorista de diciembre pasado recurrieron al Tribunal Superior de San Juan con un hábeas corpus en el que alegan que no hay causa probable para acusárseles.

Juan Antonio Castillo, de 21 años, y William Pintado Burgos, de 24, están acusados de seis infracciones a la Ley de Explosivos, en relación con las bombas que estallaron el 11 de diciembre pasado en distintos hoteles del Condado.

Alegan los acusados que su arresto fue ilegal ya que la Uniformada no tenía evidencia alguna que los conectara con los delitos que se les imputan.

El recurso de hábeas corpus fue asignado a la Sala IV del Tribunal Superior, que preside el juez Gerardo Carreira Mas.

Dicho Magistrado señaló a cada uno de los acusados una fianza de \$2 mil en lo que se alegadamente a una agrupación separatista conocida como Movimiento Independentista Revolucionario Armado (MIRA) reducida en lo que se ve

el recurso, los acusados pudieron salir en libertad.

El recurso estaba señalado para verse ayer por la tarde, pero luego trataron de verlo por la mañana. Se trató de localizar a los testigos, pero no se pudo en horas de la mañana.

Por ese motivo el juez Carreira Mas señaló la vista para el próximo viernes.

Representan a los acusados los licenciados Enrique González, Ferrán B. Arraiza Miranda y Roberto José Maldonado.

Junto con estos dos acusados, figuran también como acusados Carlos Fonseca Ortiz, Adelfa Rodríguez Ramírez (esposa de Carlos), Roberto Todd Pagán, quien ya fue declarado prófugo de la justicia, y un individuo conocido como "G-2".

Estos individuos, según el historial del caso, pertenecen a una agrupación separatista conocida como Movimiento Independentista Revolucionario Armado (MIRA).

On 3/9/70, [REDACTED] advised this agent that the San Geronimo Hilton Hotel had received a letter on 3/4/70 which was addressed to the manager of the San Geronimo Hilton and which contained the enclosed letter which is purportedly from captioned organization. CI advised that the original copy of the letter together with the original envelope were given to [REDACTED] Criminal Investigations Corps (CIC) on that same date. CI advised that the hotel apparently was not aware that this letter constituted a probable extortion violation which is under the FBI jurisdiction. CI advised that the hotel's name was filled in in the letter and apparently a number of the tourist hotels received this letter. Informant stated that the La Concha Hotel definitely received a copy of this letter, probably on the 9th of March and that the envelope and letter received by La Concha will be turned over to this agent.

As the contents of the letter indicate an extortionist nature, it is recommended that the agent handling captioned case present this matter to the USA to determine if an extortion violation exists and if so, submit these letters to the FBI Laboratory along with typewriting samples from the typewriters which MIRA has had access to, and a request that the FBI Laboratory conducts both typewriting and latent fingerprint examinations.

On 3/10/70, Mr. VERNON DANIEL, General Manager, La Concha Hotel, San Juan, Puerto Rico, furnished this Agent with the letter which was received at his hotel purportedly signed by captioned organization and which is addressed to both the hotel manager and the casino manager and which threatens that the casinos will be dynamited. Also enclosed is the envelope in which this letter was mailed.

b7c Mr. DANIEL advised that beside himself, [REDACTED] the hotel Security Officer, and Mr. DANIEL's personal secretary were the only two people who handled the letter to his knowledge.

Mr. DANIEL also advised that Mr. ARNOLD ORENSTEIN the manager of the Dorado Hilton Hotel told him that hotel received an identical letter last week.

As these letters are addressed to both the hotel manager and the casino manager and threatened to dynamite the hotel, it is recommended that they be presented to the United States Attorney, San Juan for possible extortion violation and that those which have not been handled excessively be submitted to the Bureau for typewriting and latent fingerprint examinations.

As a number of hotels in San Juan, also Dorado and Ponce have received these letters, it appears there is a strong possibility that every tourist hotel on the island has received a similar letter and accordingly, if the USA considers these letters to be extortionate in nature, it is recommended that every hotel be contacted to determine if they have received such letters.

manager which contained a letter signed by MIRA. The  
contents of the letter were not recalled but the letter and  
the envelope were turned over to the Criminal Investigations  
Corps, Police of Puerto Rico.

On March 9, 1970, Mr. GUNTHER LANGEN, Hotel  
Ponce Intercontinental, Ponce, Puerto Rico, advised that  
a typewritten letter containing a threat that the hotel would  
be bombed had been received in the mail by [REDACTED]  
[REDACTED] in his personal box  
at the Ponce Post Office. According to LANGEN the threat was  
that the casino of the hotel would be bombed if the hotel  
did not cease its efforts to collect gambling debts from  
local citizens. [REDACTED] destroyed the note shortly after  
receiving it since he did not consider the threat to be  
serious.

On March 11, 1970, officials at the Mayaguez Hilton  
Hotel, Mayaguez, Puerto Rico, reported that the hotel had  
received a typewritten letter through the mail signed MIRA,  
threatening to bomb the hotel if it continued to collect money  
for gambling debts from local citizens.

PARTIDO SOCIALISTA OBRERO  
(SOCIALIST WORKERS PARTY) (PSO)

On April 30, 1968, a confidential source furnished a printed document captioned "Manifiesto Del P. S. O. A Todo El Pais" (Manifesto of the PSO to the Entire Country). It announces the creation of the new organization "Partido Socialista Obrero" and calls upon the youth of Puerto Rico as those who in the end "are going to defeat Imperialism, Colonialism and Capitalism by building a new society of peace and justice under the flag of Marxist-Leninist Socialism." The manifesto terminates with declarations that: It will work for unity of working people exploited by the rich; youth should unite against obligatory military service; it will respond violently in defense of life and country against the oppression of the FBI, CIA and Colonial Police. The manifesto is signed by a group of individuals with WILSON CORTES BURGOS identified as Secretary General of the organization.

The May 22, 1968, issues of "El Mundo" and of "El Imparcial," both Spanish language daily newspapers published in San Juan, Puerto Rico, carried articles concerning the formation of a new "political party" called the "Socialist Workers Party" in Aguadilla, Puerto Rico. According to the articles, the new organization advocates armed revolution and announced at a public meeting that it would secure weapons to achieve its objective of Independence and Socialism for Puerto Rico. The articles reported that at the public meeting in Aguadilla, Chinese communist leader, MAO TSE TUNG, was cheered and workers, countrymen and students were urged to battle against Capitalism.

On August 27, 1968, the same source reported that WILSON CORTES BURGOS justified the need for the new organization, PSO, with the declaration that it was the first independence-type organization which followed the Marxist-Leninist line as expounded by MAO TSE TUNG of Red China.

On September 16, 1968, a second source reported on an open meeting sponsored by the PSO in Lares, Puerto Rico, on September 14, 1968. WILSON CORTES BURGOS was the principal speaker and he criticized other independence groups for not being more militant. CORTES BURGOS declared that the PSO was aligned with the world communist movement and was following the Marxist-Leninist line of political activity.

PSO CONTINUED

On September 16, 1968, the first source advised that the first issue of the official publication of the PSO, "Obreros en Marcha" (Workers on the March) had been published.

In December, 1968, the first source related that NARCISO RABELL MARTINEZ, known to him as the former representative in Havana, Cuba, of a prominent independence organization in Puerto Rico, had become very active in the PSO and was in the process of organizing within the PSO the Movimiento Independencia Rebelde Armado (MIRA) (Armed Rebel Independence Movement) composed of select members of the PSO who are to be in charge of all sabotage and related activities of the PSO. RABELL, with the concurrence of WILSON CORTES EURGOS, has announced that the aim and goal of MIRA and PSO will be to attack and destroy by means of bombing or incendiarism all the American owned businesses possible. According to the source, targets will also include other American establishments on the island of Puerto Rico such as National Guard Armories and military installations.

No action is requested in regards to the letter and envelope from Puerto Rico Hotel Association.

On 3/10/70, Mr. VERNON DANIEL, General Manager, La Concha Hotel, San Juan, Puerto Rico, furnished SA ROBERT H. DWYER a letter which was received at his hotel purportedly signed by captioned organization and which is addressed to both the hotel manager and the casino manager and which threatens that the casino will be dynamited.

b7C Mr. DANIEL advised that besides himself, [REDACTED] Hotel Security Officer, and Mr. DANIEL's personal secretary, were the only two people who handled the letter to his knowledge.

According to Comandante JUAN DEL VALLE LOPEZ Office of Intelligence, Police of Puerto Rico (OI-POPR), the letters, although signed MIRA, are not the work of captioned organization. He based this conclusion on the fact that the style of the letter along with its format is different than that used by the MIRA in the past; further, the lack of "separatist revolutionary" tone indicates that the MIRA is not responsible as its author. Comandante DEL VALLE further advised that the objective of the writer of the letter is not to keep the "Yankees" out of Puerto Rico, but rather wants to exclude Puerto Ricans along with Cubans from gambling or getting credit for gambling at the hotels in Puerto Rico. Further, he said, in past communiques the names of the clandestine organization is always spelled out fully.

The San Juan Office concurs with Comandante DEL VALLE that the letters do not appear to be from the MIRA.

Translation of the letter was done by San Juan Office Translator MARGARITA S. COLON.

Local dissemination of the LHM is being made to Naval Investigative Service Office; 771st Military Intelligence Detachment; Office of Special Investigations, Ramey Air Force Base; and Secret Service.

Manager of the Mayaguez Hilton Hotel  
Manager of the Casino

Gentlemen:

THIS IS A WARNING!

If that corporation tries to collect from the Puerto Ricans and Cubans the debts incurred by them by gambling in the Casinos, either through COLLECTION AGENCIES, OR ANY TYPE OF EMBARGOES, we assure you that we will dynamite the casinos with bombs and there will be persons killed and injured, and that means that that will be the end of the business and the casino racket and tourism will disappear.

Assault the Yankees with the casino racket, but not the Cubans and Puerto Ricans.

We are being well paid in the event that we have to blow up the casinos.

We have the explosive material prepared and can introduce it easily in the casinos.

There will be many people killed and injured, but we will end this outrage.

Don't give any more credit in the casinos to the Cubans and the Puerto Ricans. No more rackets for them. Do it with the Yankees.

Re San Juan airtel, 2/27/70 and teletype 3/17/70.

For the information of Miami the following should be noted:

During December, 1969, the Police of Puerto Rico (POPR) arrested several members of captioned organization on charges involving violations of the Explosives Laws of Puerto Rico connected with bombings of various business establishments in the San Juan area during that month. Two leaders of the group, ROBERTO TODD PAGAN and FILIBERTO INOCENCIO OJEDA RIOS, were not arrested at the time although warrants had been issued for them and the police have been searching for the pair since.

On February 23, 1970, Office of Intelligence (OI), POPR, received information from reliable confidential sources that OJEDA RIOS was living at [REDACTED] Puerto Nuevo, Puerto Rico, and that ROBERTO TODD PAGAN was hiding in an apartment at [REDACTED] Bayamon, Puerto Rico. On February 24, 1970, OI Agents conducted raids at the two addresses but neither subject was present in the respective hiding place at the time.

At [REDACTED] the OI Agents seized a large manila envelope containing an abundance of written material. Much of the written material is specifically identified with MIRA and with "Ruben." OI sources have previously identified "Ruben" as the code name of OJEDA RIOS.

At the Bayamon address, OI Agents seized written material of the same character as that seized in Puerto Nuevo and in addition a high powered rifle, a pistol and a volume of equipment utilized in the construction of incendiary-bombing devices. This equipment included chemical substances, timing devices, batteries and wiring. On the day of the raid an OI source identified TODD PAGAN as a clandestine resident in the apartment to whom the written material and other equipment described belong. This source and other OI sources have identified "Hugo" as the code name used by TODD PAGAN.

The written material seized at both places included MIRA propaganda; codes; outlines and descriptions of organizational structures; instructions and suggestions on clandestine procedures to be followed by MIRA members; and written messages, a number of which reflect communication between TODD PAGAN and OJEDA RIOS in their capacity as MIRA leaders.

Among these items was an envelope addressed to "Sra GLADYS M. JIMINEZ DE TORRES, [REDACTED] Villa Rica, Bayo, Puerto Rico, 00619," postmarked 11/17/69 from one [REDACTED]

The envelope was found without the letter.

b2  
b7D Of special significance among the seized material is document number 149, a Spanish language sabotage manual, which is the exact duplicate of those made available by [REDACTED] both of which are discussed in Bulet to SAC, San Juan (copies to NY and Miami), dated 3/5/69, captioned "CUBAN TRAINING MANUAL ENTITLED 'INTRODUCTION TO EXPLOSIVES (INTRODUCCION AL EXPLOSIVO); IS-CUBA". [REDACTED] manual had been obtained by a member of the National Leftist Revolutionary Party (PRIN) of Bolivia, which member, during 1968, had returned from a six month training course in Cuba. [REDACTED] had obtained a similar copy from [REDACTED] who had obtained it while attending a sabotage training school in Cuba.

It will be recalled that during January, 1969, RABELL MARTINEZ and ROBERTO TODD PAGAN formed a five man revolutionary council which would govern the sabotage and terrorist activities of the Partido Socialista Obrero (PSO) and the MIRA.

The similarity of these three sabotage manuals corroborates the conclusion that the recent wave of incendiarism in Puerto Rico and possibly some recent specific acts of incendiarism in NYC can be traced to a Cuban directed sabotage effort against the United States and Puerto Rico.

The NYO will maintain close liaison with the DSS, NYCPD, and continue to extend to this agency full cooperation.

MOVIMIENTO INDEPENDENTISTA REVOLUCIONARIO EN ARMAS  
(ARMED REVOLUTIONARY INDEPENDENCE MOVEMENT) (MIRA)  
INTERNAL SECURITY - PUERTO RICAN NATIONALIST

A characterization of MIRA appears within that of the Partido Socialista Obrero (Socialist Workers Party) (PSO), a characterization of which appears in the Appendix.

Agent Rafael A. Nieves Negron, Office of Intelligence, Police of Puerto Rico (OI-POPR), served in an undercover capacity for a period of more than a year as a member of captioned organization. In December, 1969, following a series of bombings in the San Juan metropolitan area his identity was revealed when he signed complaints against key members of the organization who were responsible for these bombings. On March 19, 1970, he furnished the information set forth below:

Approximately one year ago, the exact date not recalled, Juan Antonio Castillo Ayala said that he had penetrated the confines of Ramey Air Force Base (Ramey AFB), Puerto Rico. According to Castillo, he was accompanied by Antonio "Papo" Herrera, his cousin, and some others, exact number not known, when they climbed the perimeter fence at Ramey AFB during the hours of darkness and stayed on the base until just prior to sunrise. During this time on Ramey, they inspected the area of the fuel tanks.

On another occasion, some time during the month of April, 1969, Nieves Negron, along with William Pintado Burgos, made several trips through Ramey AFB on a regular scheduled Greyhound bus on their way to Aguada, Puerto Rico. At no time did they disembark from the bus, but only rode through the base.

MIRA

b7C On still one other occasion, also during the month of April, 1969, Nieves Negron and William Pintado, in a privately owned vehicle, drove around the area immediately outside of Ramey AFB and it was pointed out to him by Pintado an area which was described as being the ammunition dump for the Air Force. On this same occasion, they stopped at two homes [REDACTED] where Pintado had discussions with [REDACTED] who, according to Pintado, were sympathetic with the activities of MIRA and were sources of information for this organization.

On this same occasion, Pintado also stated that he had been told by [REDACTED] that the MIRA had a source of information in Puerto Rico, who was employed at Ramey AFB in one of the cafeterias, but a specific description of the individual or the place where he worked was not obtained.

A map of the area which Nieves Negron and Pintado had travelled outside of Ramey during April of 1969, pointed out the entrance to the Air Force ammunition dump which had been previously pointed out to Nieves Negron by Pintado. The homes of [REDACTED] are in the [REDACTED] area of Aguadilla, Puerto Rico. The house situated [REDACTED] is the home of [REDACTED]. The other house maintains a rural Post Office Box [REDACTED] the occupants not having been identified.

b7C According to information received from William Pintado by Nieves Negron, [REDACTED] at Aguada, Puerto Rico, and [REDACTED] also of Aguada, were contacts for the MIRA organization in the western end of the island of Puerto Rico. According to information furnished by Pintado, [REDACTED] could be counted on to furnish arms and ammunitions when necessary and although not verified, apparently had contacts in the Dominican Republic for the purchase of these materials. [REDACTED] was, according to Pintado, the individual who had in the past furnished materials to members of MIRA to assist in the making of explosives and incendiary type devices.

According to information received from Pintado, members of MIRA were very interested in the information furnished by Castillo wherein it was pointed out that the fuel tanks at Ramey were considered to be in close proximity to the B-52

MIRA

airplanes and that if some of these tanks could be exploded or set on fire, then this would also possibly damage some of these airplanes. Nieves Negron knew of no specific plans on the part of MIRA to attack or attempt to destroy these fuel tanks or the airplanes.

Further information received from Pintado was that [REDACTED] who has been identified as [REDACTED] had made the comment that he would like to be able to place some poison in the water supply tanks for Ramey AFB, [REDACTED]  
[REDACTED]

Again, according to Pintado, [REDACTED] not yet identified, is very knowledgeable concerning explosives and incendiary devices.

Nieves Negron advised that during the time he was associated with MIRA one of the main aims of this organization was to attempt to make some type of an assault or physical breach of a military installation or installations in Puerto Rico.

At no time had Nieves Negron ever penetrated the confines of Ramey AFB, other than while riding in a Greyhound bus and his only knowledge concerning penetration of the base was information which he received orally from William Pintado and Juan Antonio Castillo.

### PARTIDO SOCIALISTA OBRERO (SOCIALIST WORKERS PARTY) (PSO)

On April 30, 1968, a confidential source furnished a printed document captioned "Manifiesto Del P. S. O. A Todo El Pais" (Manifesto of the PSO to the Entire Country). It announces the creation of the new organization "Partido Socialista Obrero" and calls upon the youth of Puerto Rico as those who in the end "are going to defeat Imperialism, Colonialism and Capitalism by building a new society of peace and justice under the flag of Marxist-Leninist Socialism." The manifesto terminates with declarations that: It will work for unity of working people exploited by the rich; youth should unite against obligatory military service; it will respond violently in defense of life and country against the oppression of the FBI, CIA and Colonial Police. The manifesto is signed by a group of individuals with WILSON CORTES BURGOS identified as Secretary General of the organization.

The May 22, 1968, issues of "El Mundo" and of "El Imparcial," both Spanish language daily newspapers published in San Juan, Puerto Rico, carried articles concerning the formation of a new "political party" called the "Socialist Workers Party" in Aguadilla, Puerto Rico. According to the articles, the new organization advocates armed revolution and announced at a public meeting that it would secure weapons to achieve its objective of Independence and Socialism for Puerto Rico. The articles reported that at the public meeting in Aguadilla, Chinese communist leader, MAO TSE TUNG, was cheered and workers, countrymen and students were urged to battle against Capitalism.

On August 27, 1968, the same source reported that WILSON CORTES BURGOS justified the need for the new organization, PSO, with the declaration that it was the first independence-type organization which followed the Marxist-Leninist line as expounded by MAO TSE TUNG of Red China.

On September 16, 1968, a second source reported on an open meeting sponsored by the PSO in Lares, Puerto Rico, on September 14, 1968. WILSON CORTES BURGOS was the principal speaker and he criticized other independence groups for not being more militant. CORTES BURGOS declared that the PSO was aligned with the world communist movement and was following the Marxist-Leninist line of political activity.

APPENDIX

2

PSO CONTINUED

On September 16, 1968, the first source advised that the first issue of the official publication of the PSO, "Obreros en Marcha" (Workers on the March) had been published.

In December, 1968, the first source related that NARCISO RABELL MARTINEZ, known to him as the former representative in Havana, Cuba, of a prominent independence organization in Puerto Rico, had become very active in the PSO and was in the process of organizing within the PSO the Movimiento Independencia Rebelde Armado (MIRA) (Armed Rebel Independence Movement) composed of select members of the PSO who are to be in charge of all sabotage and related activities of the PSO. RABELL, with the concurrence of WILSON CORTES BURGOS, has announced that the aim and goal of MIRA and PSO will be to attack and destroy by means of bombing or incendiarism all the American owned businesses possible. According to the source, targets will also include other American establishments on the island of Puerto Rico such as National Guard Armories and military installations.

# We Bombed Stores: Puerto Rican Terror Group

By PAUL MESKIL

A Puerto Rican terrorist group, which claims credit for a wave of department store firebombings here, threatened yesterday to "escalate the revolutionary violence" unless Puerto Rico is given independence.

In a letter to the group claimed responsibility for the incendiary blasts in two East Side department stores — Alexander's and Bloomingdale's — on March 21. It also claimed responsibility for similar bombings in Alexander's Bronx store, Macy's Herald Square store, Hearst's, other stores and the New York Public Library at Fifth Ave. and 42d St.

The typewritten letter was signed RESISTENCIA PUERTO-RIQUEÑA (Puerto Rican Resistance) and GRISELLO. The latter

is believed a code name for the group's New York leader. Police said this organization is also known as Mira and is considered extremely dangerous.

According to a confidential police report, Mira planned at least 25 firebombs here and exploded more than 75 similar devices in Puerto Rico, causing \$20 million damage to American-owned firms there.

The group has also been blamed for at least two terrorist killings in Puerto Rico. Suspects in the slayings are believed to have fled to New York. They are being

hunted here by Spanish-speaking city detectives and by two detectives from the Puerto Rican Police Department's Criminal Investigation Division.

The Puerto Rican detectives arrived here last week to assist in the store bomb investigations. They brought photos and fingerprints, records of several Mira members, and other information on the terrorists. Several detective squads in Manhattan and the Bronx are working on the case along with the police bomb squad, the Bureau of Special Services, and the FBI.

Detectives disclosed that Mira held recruitment rallies in several city parks and neighborhoods.

DAILY NEWS, TUESDAY, MARCH 31, 1970

has been shaking down Puerto Rican merchants in East Harlem, the South Bronx and other neighborhoods of Spanish-speaking persons to raise funds for its illegal activities. The merchants reportedly were told their stores would be bombed unless they contributed to the terrorists' treasury. The group also gets money from Communist Cuba, police said.

Leaders of the revolutionary movement here include former students at the University of Puerto Rico. Before New York police were aware of their subversive acts, the revolutionaries held recruitment rallies in several city parks and neighborhoods.

The group's letter threatened the store bombs here go off at night so would be hurt. But explosions came hours and commenced anniversary of the Puerto Rican Revolution (March 20) when 20,000 died and more than 100,000 were hurt by Yankee bullets.

The letter continues not stop at anything willing to escalate to any violence. Eighty punishment for our freedom for political there will be total annihilation.

Enclosed herewith are one (1) copy each for the Bureau and San Juan Office of a newspaper article by PAUL MESKIL which appeared in the 3/31/70 issue of the New York "Daily News."

The article discloses that the newspaper had received a letter signed "Resistencia Puertorriquena" (Puerto Rican Resistance) and "Grisello". The writers of the letter claimed responsibility for the 3/21/70, incendiary incidents at two New York department stores and previous similar acts in New York City.

The article further discloses a connection between captioned organization and the writers of the letter.

Some of the information in the article appears to be misleading and distorted.

Contact with Detective [REDACTED] b7C  
Division of Special Services, New York City Police Department (NYCPD) determined that the basis for the article had not come from any division within the NYCPD. [REDACTED] b7D directly contacted the newspaper reporter, PAUL MESKIL, and learned that upon receipt of the "Resistencia Puertorriquena" letter by the newspaper, MESKIL telephonically contacted the Police of Puerto Rico (POPR), and was furnished the facts set out in the article. MESKIL did not disclose with whom he spoke at the POPR.

[REDACTED] b7C and other DSS detectives working this case were concerned that the disclosures in the article would jeopardize their investigation because it may drive the perpetrators deeper underground. b7D

NYO and NYCPD are not aware of "two detectives from the Puerto Rican Police Department's Criminal Investigation Division" having arrived in New York City last week to assist in the investigation.

Further, there has been no indication "that MIRA has been shaking down Puerto Rican merchants in East Harlem, the South Bronx, and other neighborhoods of Spanish - speaking persons to raise funds for its illegal activities." The so - called threats against merchants in these areas has never been reported to the NYCPD.

NY 105-106896

If it is felt advisable, the SJO should determine from appropriate contact within the POPR if, in fact, a POPR representative did furnish the information used as a basis for the newspaper article. If this is corroborated, SJO should consider the possibility of tactfully pointing out to appropriate representatives of the POPR that such disclosures could prove harmful to the investigation of incendiarism in the NYC area. Up to this point, the NYC terrorists have had no definite information that as much was known about them and they could erroneously infer from the article that such information had come from "a confidential police report" in NYC.

SJO should use its best judgement as to whether this incident should be discussed with the POPR. The matter should not be pursued if it is felt that such action would jeopardize the fine relations the SJO enjoys with the POPR.

Regarding the letter received by the New York "Daily News", it will be recalled that on 10/13/69, the Editor, "New York Post" received a letter signed "Resistencia Puertorriquena", which group claimed responsibility for the incendiary bombings which occurred at R.H. Macy's Department Store, 10/11-13/69.

67C  
67D  
Detective [REDACTED] advised that he has made arrangements to obtain the latest letter received by the "Daily News" and it will be made available for comparison with the known typewriting samples obtained during the 2/24/70 raids in Puerto Rico.

Regarding the 3/21/70, incendiary blasts referred to in the "Daily News" article, at approximately 2:00 p.m., that date, one incendiary device exploded in Bloomingdale's Department Store and two in Alexander's Department Store, which stores are one block apart on Lexington Avenue, and East 58th-East 59th Streets, Manhattan, New York. One of the Alexander's devices went off in the pocket of an Ecuadorian citizen named

NY 105-106896

[REDACTED]

Investigation by NYCPD developed that [REDACTED] had been shopping with three women companions and a friend named [REDACTED]

[REDACTED]

[REDACTED]

The police are satisfied that [REDACTED] DOB: [REDACTED] with a wife and five children in Ecuador, was an innocent victim and has no connection with captioned organization or previous incendiarism in the NYC area.

As a side light, it was determined that [REDACTED] and his friend [REDACTED] both of whom are roommates at [REDACTED] Queens, New York, are in the U.S. illegally, having overstayed their visas, and the matter has been turned over to Immigration and Naturalization Service.

Attention is directed to document #43 of the material seized by the POPR on 2/24/70, wherein the MIRA NY cell disclosed "we had in mind some activities for the branch stores of Pueblo and Grand Union, but we will leave them for March, after EVELIO returns.

The DSS, NYCPD, on a confidential basis, furnished this information to the various precincts covering the NYC area where Grand Union branches are located, with instructions that store personnel be alert to the usual incendiary devices.

NY 105-106896

On 3/24/70, the NYCPD Bomb Squad advised that at 12 noon, that day, the Assistant Manager, Grand Union Store, 1535 Third Avenue, Manhattan, New York found two cigarette pack incendiary devices intact in the paper goods, napkins, etc. counter of his store. He opened one, saw the white powder and flash bulb - watch - battery attachment and immediately placed both devices in a bucket of water. The bomb squad removed them from the store. There were no injuries and no damages. It was assumed that the devices had not been "duds" but had been detected prior to exploding.

Detective [REDACTED] advised that detectives of the DSS have been conducting "loose" spot surveillances/suspects [REDACTED]

[REDACTED] in order to verify residences and employments, as well as to establish their activity patterns.

The NYO is continuing to review files for logical suspects and pertinent intelligence information is being shared with detectives of the DSS, NYCPD.

Q124 Accompanying carbon copy of one-page typewritten letter  
beginning "Como ese Corporacion trate de cobrarle..."  
and ending "MIRA"

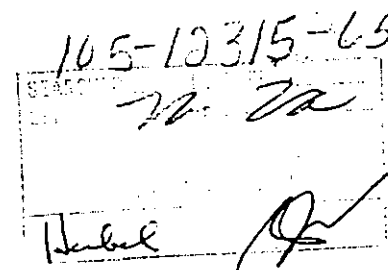

Also Submitted: Photocopy of one-page typewritten letter on  
Puerto Rico Hotel Association letterhead  
stationery dated 3/5/70

Result of examination:

Due to an absence of sufficient detail in the Q124  
carbon copy and the limited nature of the questioned typewriting  
on the Q123 envelope, it was not possible to specifically  
classify the questioned typewriter or typewriters used to  
prepare these items. The questioned typewriting on these  
documents appears to resemble a pica style of type, measuring  
10 characters to the horizontal inch, manufactured abroad  
and used on some Smith-Corona typewriters. Since type from  
this particular manufacturer is widely used on European  
typewriters, it is also possible that the typewriter or  
typewriters which prepared Q123 and Q124 might be of European  
manufacture.

The submitted evidence was photographed and will be  
returned separately. The "Also Submitted" material is retained.

Information received by the San Juan Div. from OI, POPR that some members of MIRA were apparently doing some digging on a farm, location not known, other than somewhere in the Aguada or Isabela, P.R. areas. It was suspected that maybe arms and explosives were being stored on this farm by the MIRA.

b7C On 4/10/70, [REDACTED] OI, POPR, Isabela, P.R. reported that [REDACTED] for the past several weeks had been working on this farm daily. Their sources have reported that sometime within the past several days [REDACTED]

It should be noted that the farm [REDACTED] is located in a very desolate area, with only one dirt road in and the same road out. According to sources of OI, POPR [REDACTED] is working on the farm daily and at extremely irregular hours of the day and night. [REDACTED] are the only other persons who have been known to visit this farm.

Entrance road to this farm was observed by the writer, and attached hereto as a second page is a map and description of the farm and its location. (for MIRA file only)

She recalled that the young man did not know New York City very well and [REDACTED] was to accompany him to meet others in the city. [REDACTED] did not know how long this young man stayed in New York City. She has not seen him since.

[REDACTED] recalled that, on this occasion, [REDACTED] and when he entered the room he clasped his forearms together in front of himself and announced "MIRA! Patria o Muerte!" [REDACTED] responded at the same instant with the same gesture and expression. [REDACTED]

██████████ felt that ██████████ may be in a position to furnish additional information regarding ██████████ activities and associates in PR. ██████████ felt that although ██████████ is an independentist, he would cooperate in this connection, since he disagrees with ██████████ espousal of violence.

He insisted that it was possible for a small group of individuals to wage a successful campaign of terror against a giant nation with just a minimum of arms and equipment. He stressed that it would be possible to bring a nation to its knees by systematically attacking its business enterprises, thereby strangling its economy.

[REDACTED] recalled that [REDACTED]

[REDACTED] On this occasion, he visited [REDACTED] apartment. Also present was [REDACTED]

[REDACTED] engaged in one of his anti-United States (US) tirades and continually spoke about the need for revolution. He stated that "the whole system has to be destroyed. Blood will run like rivers. If we discover one of their agents we know how to take care of him". [REDACTED] stated that [REDACTED] boasted that his organization had discovered one person who had infiltrated their ranks and they physically beat him up.

[REDACTED] stated that [REDACTED] has always been critical of the bearded "hippie" types, who use narcotics and dress in an unusual manner. [REDACTED] found fault with these so-called "social revolutionists" who would be prevented from carrying on clandestine activity because their bizarre appearance would make them stand out in a crowd. [REDACTED] insisted that all his associates remain clean shaven and neatly dressed so that they could blend in a crowd and not call attention to their activities. He further insists that none of them use drugs or intoxicants.

[REDACTED] stated that at no time have [REDACTED] or [REDACTED] as well as [REDACTED] taken credit for any specific act of violence, but they have implied by their speech and secretive manner that they are engaged in secret terrorist activity.

On this occasion, a white "American" young lady, introduced as [REDACTED], was present and the word "subversive" came up in conversation. [REDACTED] immediately defended the position that being subversive was not necessarily evil and that sometimes it was necessary to engage in subversive activity in order to rid oppression and inequities in the world. [REDACTED] went on at length with great vehemence and ceased her tirade only after [REDACTED] repeatedly signaled her to stop. At the time [REDACTED]

[REDACTED] described [REDACTED] as follows:

[REDACTED] stated that, although she has no definite proof, she feels [REDACTED] has been associated with the FIDEL CASTRO Government, in some kind of a clandestine arrangement, since approximately 1960 or 1961. She conjectured that if [REDACTED] is not an actual CASTRO agent, he may be a contact for CASTRO agents. She bases this feeling on a number of suspicious events which have taken place over the past decade.

[REDACTED] recalled that [REDACTED] she saw a strange man [REDACTED] She inquired of [REDACTED] as to the identity of this stranger. [REDACTED] told her that it was [REDACTED]

b7C

Although she had no further specific examples to support her suspicions, she stated there has been a constant and fervent dedication on the part of [REDACTED] to FIDEL CASTRO. They regard CASTRO as the "Saviour of the Caribbean".

[REDACTED] stated that she and her husband have shared these suspicions regarding [REDACTED] for many years, but until the recent wave of bombings in PR and New York City, they have been unable to pinpoint their suspicions to any specific acts.

NY 105-106896

14.

[REDACTED] stated that it has not been easy for her to report her suspicions regarding [REDACTED] but she is haunted by the thought that these bombings will hurt or kill innocent people and she could not live with that thought, knowing she might have had an opportunity to prevent these tragedies.

b1c [REDACTED] stated that she and her husband agonized a long time before contacting the FBI and once they made their decision to tell all, they are fully prepared to cooperate completely with the FBI and even testify against [REDACTED] if they have to.

On 4/13/70, [REDACTED] telephonically advised SA ANTHONY D. LEONE that he [REDACTED] shares his wife's suspicions regarding [REDACTED] and he supports her in her desire to see that these suspicions are brought to the attention of the FBI. He also pledged his cooperation.

[REDACTED] appear to be highly motivated individuals, who are sincerely interested in seeing that the possible terrorist involvement of [REDACTED] is brought to light. An assessment of the veracity of their information at this time, would be premature. Investigation should establish whether [REDACTED] has any association with captioned group and/or the recent wave of incendiarism in NYC.

Preliminary investigation conducted by the NYO has established that [REDACTED]

[REDACTED] check of telephone number [REDACTED] has established that it is a non-published number listed to [REDACTED] Bronx, NY. This is reportedly the current residence of [REDACTED]

In its coverage of the leads set forth, SJO is requested not to disclose the source of this information, [REDACTED] has advised that she and her husband have not tried to hide their political disagreements [REDACTED] however, the NYO feels that the disclosure of [REDACTED] cooperation, at this time, might hamper the investigation.

Contact is being maintained with [REDACTED] and all pertinent results of the NYO investigation will be expeditiously furnished the Bureau and SJO.

MIRA, under the name Movimiento Independencia Revolucionaria Armada, developed as the covert arm of the PSO in Aguadilla, Puerto Rico, in late 1968. At its inception, MIRA was lead by NARCISO RABELL and ROBERTO TODD, both of whom had represented Puerto Rican pro-independence organizations in Cuba. Sometime prior to 1/27/70, RABELL was expelled, and FILIBERTO OJEDA RIOS joined TODD as co-leader of the organization, which had changed

its name to Movimiento Independentista Revolucionario en Armas. Since its inception, MIRA has claimed support of international communism, particularly Cuba, and has established the goal of an armed socialist revolution in Puerto Rico, which would be precipitated by MIRA acts of terrorism. MIRA is cellularly structured and has utilized enciphered messages, concealed writing, mail drops, radio transmissions, and couriers to protect its cellular integrity. MIRA members on 12/11/69, were responsible for the bombing of hotels and business establishments in San Juan, as well as the seizing of a radio station from which was broadcast a propaganda message. On 12/12/69, the POPR arrested four MIRA members and declared ROBERTO TODD and an individual subsequently identified as FILIBERTO OJEDA as fugitives for violation of the Explosives Law of Puerto Rico. MIRA leadership claims the organization was responsible for 44 acts of incendiarism and bombings prior to February, 1970. On 2/7/70, MIRA members bombed the Selective Service Office, Dorado, Puerto Rico; General Electric facilities in Rio Piedras; and the El San Juan Hotel, San Juan, Puerto Rico. Recruitment of membership is limited to established militants and their families. Members are orientated in Marxism-Leninism and instructed in preparation of incendiary and explosive devices, utilizing a manual originating in Cuba. ~~Propaganda is an~~ integral part of operations. MIRA is currently seeking support of NPPR to obtain hideouts, funds, and explosive materials. Identity and codenames of members set forth. On 2/24/70, the POPR raided residences in Bayamon and Puerto Nuevo, Puerto Rico, on information that they were being used by TODD and OJEDA as hideouts. Seized at these locations were numerous MIRA documents, arms, ammunition, and substantial incendiary-making equipment.

Characterizations of Comandos Armados de Liberacion (Armed Comandos of Liberation)(CAL), Black Panther Party (BPP), Prensa Latina, PUPR, Partido Socialista Obrero, (Socialist Workers Party)(PSO), Progressive Labor Party (PLP), and Workers World Party (WWP), appear in Section II of the Appendix of this report.

Investigation in this matter was predicated upon information received from SJ T-1 on December 4, 1968, that MIRA is a Marxist-Leninist organization whose purpose is to bring about an armed revolution in Puerto Rico.

The bulk of this report is composed of information contained in Spanish language documents of MIRA seized by the Office of Intelligence, Police of Puerto Rico (OI, POPR), on February 24, 1970, at [REDACTED] Bayamon, Puerto Rico. This action by the OI, POPR was based upon information from reliable sources, that MIRA leaders, FILIBERTO OJEDA RICO and [REDACTED] TODD PAGAN, were hiding at [REDACTED] and [REDACTED] respectively. Both TODD and OJEDA are fugitives and charged with violation of the Explosives Law of Puerto Rico and Unlawful Flight to Avoid Prosecution in connection with MIRA actions in Puerto Rico on December 11, 1968.

Identification of the handwriting contained in these documents as being identical with that of TODD and OJEDA was made by Captain JOSE E. SANCHEZ, Deputy Commander, OI, POPR. It should be noted that Captain SANCHEZ is not a qualified handwriting expert.

I. ORIGIN

In the Fall of 1968, ROBERTO TODD and NARCISO RABELL MARTINEZ, both of whom have been in Cuba in 1967, returned to Aguadilla, Puerto Rico, to give better direction to the Partido Socialista Obrero (Socialist Workers Party O(PSO). RABELL, who was "El Comandante" of all insular operations, stated that the organization was to be known overtly as the PSO, and covertly as the Movimiento Independencia Rebelde Armado (Armed Rebel Independence Movement)(MIRA). It was understood by the PSO members that the initials for MIRA had been designated by officials of the Cuban Government. RABELL privately advised that while in Cuba in 1967, he and TODD had met with FIDEL CASTRO to discuss the revolution in Puerto Rico. As a result of this meeting, \$30,000 was given by the Government of Cuba to RABELL.

## II. AIMS AND PRINCIPLES

The purpose of MIRA upon its foundation in 1968 was to sabotage establishments that impeded independence in Puerto Rico.

[REDACTED]  
on January 8, 1970

At a MIRA organizational meeting [REDACTED] MARCISO RABELL stated that the goal of MIRA would be to attack, and if possible destroy, by bombing and incendiaryism, American-owned business interests and other symbols of American imperialism and domination in Puerto Rico. He mentioned particularly National Guard armories and military installations.

SJ T-1 on December 4, 1968

Among documents located at [REDACTED] was a letter dated January 27, 1970, from "HUGO" to "RUBEN," which stated that MIRA must recognize the superiority of the forces it faces and turn its defensive position into one of "defensive attack." It goes on to state, "that only that way will we be able to weaken the enemy consistently, according to our specific capabilities, and at the same time, work on the solution of our problems, which will increase our attack capacity: economic resources, arms, materials, hiding places, etc. Then we must force the enemy to turn on itself, having to use force to stop the revolutionary process. Anything else would be letting them win, for they appear before the people as a 'democratic' government, respectful of class, laws, tolerant, etc. Armed action must be so efficient so as to affect the entire colonial structure and break the present atmosphere of 'peace.' This undoubtedly is a risk, a calculated risk, taking into consideration our strength and the regressive capacity of the regime against the armed vanguard. Therefore, we must intensify the frequency and quality of our action. In other words, negotiations of greater importance."

~~SECRET~~

"HUGO" further stated that this course of action would:

- "1. Facilitate obtaining material solidarity from important sections of the people;
- "2. It would put a considerable stop on the assimilation and colonial exploitation process;
- "3. It would unmask the true repressive nature of imperialism disguised in Puerto Rico;
- "4. It would increase the contradictions by the enemy of the class and the armed vanguard, taking the struggle to a stage from which it can not go back;
- "5. It would force all the legal independentist organizations to define themselves and would unmask the revolutionaries, pseudo-revolutionaries, etc. It would deepen and strengthen the internal struggles in these organizations between the revolutionaries and the pseudo-revolutionaries;
- "6. The most important thing; the people would know about the existence of MIRA, struggling for its replevies. That is the enemy could not deceive the people concerning the existence of the patriotic struggle."

b7c

In an undated document located at [REDACTED] signed "AGUSTIN," the writer stated that [REDACTED] considered the first phase of operations a success, because "all [REDACTED] exploded, the comrades are on bail, we have demonstrated the vulnerability of the enemy, a month has passed without them finding us, it was demonstrated that New York will be active, our international relations are slowly [REDACTED] increasing, we have support from the people, the enemy is preoccupied with us, the organization has come to a little light, and so on. In a chart located at [REDACTED] the following targets of "sabotage" are shown:

- "1. Tourism
2. General economic property
3. Communications
4. Enemy installations
5. Federal agencies."

Targets for "direct armed action" are listed as follows:

- "1. Enemy soldiers
2. Local representative bodies
3. Traitors, informants, etc."

### III. MEMBERSHIP

#### A. Leadership

~~SECRET~~

b7D [REDACTED] NARCISO RABELL stated that although there were only one or two individuals whom he considered as members of MIRA outside the present membership of the PSO, in actuality, he and ROBERTO TODD were the only individuals then in Puerto Rico who were aware of the existence of MIRA, and its affiliation with the PSO.

SJ T-1 on December 4, 1968

b7C In a letter dated January 27, 1970, located at [REDACTED] which is from "HUGO" to "RUBEN", the writer indicated that the National Directorate of MIRA consisted of "RUBEN," "PEPITO," "DEMETRIO," and himself. "HUGO" also stated that he believed that "JOAQUIN" should be placed on the National Directorate of MIRA, with all rights as such until "DEMETRIO" returned.

#### B. General Membership and Structure

No membership list as such was located among documents furnished by the OI, POPR, however, information contained in these documents and that obtained from sources indicates that the following listed persons are identical with the [REDACTED] codename. "RAQUEL" had requested permission to organize a cell but that he had directed her first to discover the capabilities of a person she desired to recruit so that they would be designated positions in which they would be most useful and productive. "HUGO" also stated that in February he would start training and supervising the organization in Bayamon. "HUGO" commented that the area of recruitment that "RAQUEL" was opening for MIRA could be productive because these people were professionals with good social standing and strong personal relations. "HUGO" stated that the "married couple" have both been to Cuba, which he indicated was a political advantage." He proposed that he go to the home of the married couple to begin organizing. Located at [REDACTED] was a letter dated January 2, 1970, signed "GILBERTO" in which he stated that "IVONNE" is somewhat concerned because "GLORIA's" friend has come by where she, "IVONNE," works asking to see her. She isn't interested in having them come around looking for "GLORIA" nor that they relate her so much with "GLORIA" as to go in there to see her. The one who was sent was RAFAEL GONZALEZ."

Located at [REDACTED] was a letter dated January 23, 1970, in the handwriting of ROBERTO TODD in which he advised "HECTOR" that he was being separated from MIRA as of that date. "HECTOR" was charged with:

- "1. Irresponsibility towards assigned tasks;
- "2. Insubordination;
- "3. Political differences;
- "4. Personal attacks, slander, and works of discord."

"HECTOR" was advised that his future actions concerning his knowledge of MIRA would determine his life and that he was to furnish MIRA with the names of members of any cells he had developed, names of financial donors, and any MIRA property. This letter indicated that "HECTOR" at one time was treasurer of MIRA and responsible for storage of firearms.

Located at [REDACTED] was a letter dated January 27, 1970, from "HUGO" to "RUBEN" in which the writer stated that regarding "ABEL." "GILBERTO" had contact with him. My wife told me again that he is talking too much. Have proposed to you his expulsion from MIRA. You say that he should be given another chance, that he should be sent a stronger letter. I agree. before I send it to him so that you can include your comments in it, but the letter has to be an ultimatum, for with his attitude, he is affecting the security of Comrade "GILBERT" who is too valuable to be burned up at this stage." Subsequently in this letter "HUGO" stated that he was suspicious of ROBERTO JOSE MALDONADO because he had learned that MALDONADO was furnishing legal assistance to arrested MIRA members at the direction of the Political Commission of the MPFPR. "HUGO" then stated:

"Furthermore, let me tell you that RJM is a cousin of JUAN MARI BRAS and the Legal Institute was created by the MPFPR to avoid having lawyers who are members of the MPI defending "HUGO" and "HUGO" then instead they can devote their full time to the MPI. Besides, RJM has perfect knowledge of the disassociation of 'ANDRES' with MIRA and why it happened. This I say because I believe that RJM is actively collaborating with 'ANDRES.' This I say because of the information that we have been receiving lately from 'ABEL' to that respect. Therefore, I suggest that all contact with RJM be discontinued as soon as possible. This is following elementary security measures, and because I do not trust 'ANDRES' and what he might do if he learned who were in his (RJM) home. I do not believe RJM is an agent, but 'ANDRES'....."

Enter in the letter "HUGO" stated that it was RJM's job to formulate charges against "HUGO" in a case of our triumph, the pertinent charges will be presented against "ANDRES." Thereafter, "HUGO" stated that he had felt that "HUGO" might be prejudiced in the case of "ANDRES" because of "ANDRES's" friendship with "HECTOR," but the letter of expulsion, "HUGO" knew differently.

A characterization of JUAN MARI BRAS is contained in that of the MPFPR.

"It is necessary that 'GILBERTO' go to New York to see 'CARMELO.' They realize their actions there were not as positive as I would want with a Chase Manhattan. Why not a Ponceno? (Banco de Ponce)."

Located at [REDACTED] was an undated document signed "RAMON," beside which was written the name "GILBERTO." The document was directed to "HUGO." Therein the writer verbally attacked "ABEL" and "ANDRES" for almost causing him to be "burned." He described "ABEL" as being indiscreet and unstable because of questions which he constantly asked.

Located at [REDACTED] was an undated document which included a concealed writing message. This concealed writing message was signed "INES," and stated that she did not trust "GILBERTO" because she had learned that he got drunk at a person's home and that if real pressure were put on him he would talk.

He further stated "JUANITO" studied an excellent

"The office of the Selective Service

have one problem: little material for

have to place several incendiary devices in

I believe that due to the small amount of construction material for the devices, priority should be given to participation of comrades who have not acted in the past: 'ALBERTO,' 'JUANITO,' 'RAQUEL,' attorneys, etc., for this is vital to the security and consolidation of MIRA. If it were possible, the ideal thing would be that I make the devices at the home of 'JUANITO' and 'GLORIA' to give them some practical training. Since we don't have a practical work shop, we could work in different areas for each campaign, and in that way, train all the comrades.

"I took all the equipment and reduced it to the bare essentials. Now, everything is packed in the tool box which we bought, which makes it easily transportable."

"The objectives to be attacked will be the GE in R. P. The attack will take place at the door in front of Munoz Rivera Avenue. The attack cannot take place anywhere else. In the yard of the store (in the back) they have a guard with a dog. For this reason, we cannot enter through the back. In front of the place for the attack, there is a bus stop, therefore, it is not suspicious if a man stands there. Usually, when the people are waiting for the bus there, they look at the display window. 'ABONIA' can stand there and look at the display window and make believe he is looking at the display window and place the bomb in a flower pot which is near the door. Nobody would see him, for at night very few people wait for the bus there. The guard is always sitting down in a little house in the car entrance which faces the yard. The front of the store cannot be seen from that angle, and that is where the bomb would be placed. The bomb in Dorado should be placed in the window sill of the window which faces the little pathway on the side, which was indicated to me in the map in the previous communication. I have visited the area and I think that both actions are easy. They do not involve a big risk. The time for action depends on you, but it should not be after 9 pm. The bombs should be set with sufficient time in order to transport them. This would be specifically for one in Dorado. Remember that for it is quite a distance."

Located at [REDACTED] was a letter dated January 13, 1970, from "AGUSTIN" to "HUGO" in which he advised that he was concerned about using the mailbox and stated:

"The communications will go through my brother right now, but as soon as another thing is resolved, we should do everything possible to solve our communications problems. My brother is very good, but it is not his conscience that moves him, but his blood. The message was correctly deciphered, but you should discard it. You should not use because my mother and family are under surveillance."

"HUGO" was then directed to contact "JOAQUIN" and establish a communication route to replace the mailbox.

Located at [REDACTED] was a letter dated January 14, 1970, in which "HUGO" advised "JOAQUIN" that he had previously attempted unsuccessfully to contact him on two occasions through the post office box, and stated that "JOAQUIN's" new contact would be "JUANITO." "HUGO" requested that "RUBEN" give the information to his brother, who would pass it to "ALBERTO," who would in turn deliver it to "HUGO." In the same letter, "HUGO" complained that because of ROBERTO JOSE MALDONADO, he was unable to contact "PEPITO" and his group which was in turn hampering MIRA operations. "HUGO" also commented that although MIRA members were free on bond, that the PCPR had been able to rest the offensive from M.

b7C Located at [REDACTED] was a letter dated January 26, 1969, in which "ALBERTO" apologized to "HUGO" for violating security and delivering a message directly to "HUGO" at "JUANITO's" home. "ALBERTO" stated that he had been unable to locate "JUANITO" or "GLORIA" at the time he had thought the letter from "AGUSTIN" which he had, might be of importance. He further advised "HUGO" that "VICTOR" was no longer a contact, and requested that "HUGO" give him further instructions because he did not know the location of "AGUSTIN."

b7C Located at [REDACTED] was a letter dated January 27, 1970, in which "HUGO" advised "RUBEN":

"It has been impossible to send the communication to 'PEPITO' and company, for I was planning to do so through RJM, and 'GILBERTO' told me RJM was on vacation. We could establish as a chain 'PEPITO' - 'JOAQUIN' - 'JUANITO,' but always use 'JOAQUIN.' This is the only area where contact has not been re-established. On February 12, 1970, the OI, POPR advised that a communication received by United Press International (UPI), San Juan, Puerto Rico, on December 23, 1969, contained in part an exact transcript of a tape used by persons who forcibly took over the broadcasting facilities of Station WUNO on December 11, 1969. A translation of the Spanish language communication received by UPI on December 23, 1969, is:

"FIRST COMMUNICATION TO THE PUERTO RICAN  
PEOPLE - ARMED REVOLUTIONARY INDEPENDENCE  
MOVEMENT (MIRA)

"Last Thursday, December 11, the Armed Revolutionary Independence Movement (MIRA) successfully carried out the Jose Rafael Varona Operation, which consisted in the placing and exploding of seven bombs in the major hotels of the Condado and Isla Verde areas, and another explosive device in a bar visited by Yankee marines. The Big Bamboo in Miramar. In addition, our militants carried out the daring assault at the WUNO Radio Station, and the broadcasting of our first message to the Puerto Rican people.

"The hysteria and repressive anger of the regime of the anti-Puerto Rican, Ferre, is an indication of the importance of the blow which our armed vanguard gave them. Faced with their inability to capture the MIRA revolutionaries responsible for the actions carried out, they have resorted to arresting independentists to show their masters in Washington that they will use any means to stop the growing struggle in our country for independence and liberation.

"In its hysteria, the regime is attempting to defeat our organization by announcing the presence of alleged Cubans in our ranks. You

VARONA died in Moscow, Russia, on March 24, 1968, from injuries sustained during the bombing raid in North Vietnam.

"American imperialism and its colonialist and assimilationist accomplices have led our people to a precipice from which they can only be saved through the violent revolution. Because we hate violence is why we are now rebelling against the colonialist and imperialist violence to which we have been submitted for centuries.

"We do this, convinced that the imperialism will never voluntarily renounce its assimilation, exploitation, oppression and plunder policies. We affirm that the revolutionary struggle, taking its form by a popular war, the inalienable right of all the people in the struggle for their liberation, constitutes the only effective means available to the Puerto Rican people in their struggle for independence and national liberation.

"We struggle in a clandestine manner for the definite emancipation of the Puerto Rican laboring class, brutally exploited by American capital and its local accomplices; for the countryfolk and farm laborers who without land live in misery, while the big corporations and Yankee military bases have the best land of our Island, for our brothers who suffer, thousands of Puerto Ricans who have had to abandon their country due to the lack of subsistence and to suffer the racial prejudices and financial exploitation in the ghettos of the United States; for the unemployed, who for lack of work live on humiliating Yankee support; for the youth and the Puerto Rican students, who suffer under the colonial educational system; for all those who suffer and rebel against injustices; for all those who unite with the great causes of our people.

On January 1, 1973, the following message was received from a communication which is transcribed as follows:

"ARMED REVOLUTIONARY MOVEMENT OF PUERTO RICO (MIRA)  
SECOND MESSAGE TO THE PEOPLE"

to take our lives."

Pedro Albizu Campos

"Fellow citizens:

"Tonight, Friday, January 5, 1973, the MIRA strugglers are going to be planting and carrying out the first National General Strike against the Compulsory Military Service Law, enacted and at the same time we will also take the great opportunity to blow up which exploded last January 1st in New York. These are the same which took place in the United States as vengeance for the arrest of four independentistas, accused by the United States of connection with the seven small bombs which MIRA carried out against Yankee hotels on December 1st, 1972 when we also carried out the MIRA strike in order to make public our first message of struggle to the Puerto Rican people.

"As the successful development of the armed combat for the independence and national liberation of our country, continues, MIRA wants to give the youth unity and armed combat in the liberation struggle against the imperialist enterprise, Generalissimo Franco, the United States, and the Spanish monarchy, especially of the Francoist regime which will permit us to give more and more power to the exploiters and oppressors of our country.

With the support of the United States Government and the Puerto Rican Nationalist Party, together with the giant increase of the Yankee penetration in our country and the systematic attempts to destroy everything having to do with the Puerto Rican nationality, together with their increase in the oppression against the independence, the people of all the oppressed and exploited Puerto Ricans and necessary were then to be organized to fight against the oppression of the United States Government and the American Empire's domination in the world. The only appeal to the people of the world was the struggle for the liberation of the Puerto Rican people and the liberation of the world.

The exploiters will never resign peacefully from their position of domination. The exploiters will not give up their position of domination by any means, without a long and arduous struggle and means, to keep their riches and super profits. They will never resign peacefully from using the work of the people. In the same way, the exploiters will not resign peacefully from using the labor of the people as fodder in their dirty wars of aggression against other countries which, like Porto Rico, are also exploited."

"In the near future we will publish a complete list of all persons carried out by MIRA during 1954. This list will include names of saboteurs and spies, of those who work in supermarkets, of those who work in the power and energy.

"We will continue concentrating the bulk of our revolutionary action upon the imperialist system. Our blows will be continuous and will increase. We will prove that the imperialists are not as powerful and fearsome as they seem, that they are not invincible. On the contrary, we affirm that strength and invincibility lies in the people, capable of destroying the imperialist system with their liberation struggles.

"MIRA makes an appeal to all our fellow citizens, to support our armed actions, either by participating actively in the collaboration financially, reputationally, by following our lead to the people, or by helping our members personally by any means possible. We will succeed.

"The Nationalist Movement of MIRA received a boost from me when I was told about a conversation he had with RIVERA on 20 January 1961, last, on the occasion that members of the Nationalist Party gave shelter to a young 'honor' to protect him from police persecution. BLACK PANTHER PARTY  
Black  
Self Defense

~~SECRET~~

According to the official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" and should be killed.

"The Black Panther" issue of September 7, 1967, contains an editorial by Chairman Bobby Seale, titled "BLACK PANTHER MURRAY", which ends with the following:

"Black men. Black people, colored persons of America, everywhere! Arm yourselves. The only culture worth having is a revolutionary culture. Change. Freedom. Everywhere. Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article was the following: "October 5, 1968, edition of 'The Black Panther' stated, '...we will not dissent from American Government. We will overthrow it.'"

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO TSE-TUNG of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 2601 Broadway, Berkeley, California. Branches have been established at various localities throughout the United States.

MEMORANDUM FOR THE DIRECTOR  
(NY 100-100000)

NY 100-100000  
(NY 100-100000)

The OPC was organized at Cidra, Puerto Rico, under the guidance of SANTIAGO SANTIAGO SANTIAGO, a Roman Catholic priest. The OPC is in no way recognized by the Roman Catholic Church and has been publicly disavowed as a Church entity by members of the Church hierarchy in Puerto Rico.

~~SECRET~~

On December 2, 1965, interview by U.S. Secret Service. SANTIAGO said that the OPC is the only organization in Puerto Rico whose primary goal is the OPC primary goal. He also said that he did not advocate violence in obtaining independence, except as a last recourse. He continues that for the time being the OPC was devoting itself to educating Puerto Ricans about their exploitation by the U.S.

In 1966, SANTIAGO petitioned the Vatican to be removed from his priestly duties and returned to the layman within the Church. He was placed on leave of absence, indicated immediately by Bishop MANUEL of Arcebo, Puerto Rico, pending a decision by the Vatican.

Interview on January 1, 1966, published by "The San Juan Star", an English-language daily newspaper published in San Juan, Puerto Rico. SANTIAGO stated that he expects to continue to political action and that the OPC's peacefulness would become final.

In 1966, a source advised that the OPC was maintaining an inactive in recent months. He estimated the OPC membership as not more than ten persons, with perhaps 20 to thirty sympathizers.

In 1967, a source advised that the OPC is defunct. That OPC maximum leader SANTIAGO has been publicly associated with another pro-independence organization for the time being. He has his few remaining cohorts in the Quebrada area. CI, ROER records show no OPC activity in the past year.

FEDERACION ESTUDIANTIL PRO-INDEPENDENCIA  
(FEDERATION OF STUDENTS FOR INDEPENDENCE) (FEPI)

On May 14, 1968, a confidential source advised that the FEPI was organized in May, 1963, under the guidance and direction of the Movimiento Pro-Independencia de Puerto Rico (Puerto Rican Independence Movement) (MPIPR), a militant CASTRO Cuba-oriented independence-seeking group in Puerto Rico and the Federacion de Universitarios Pro-Independencia (Federation of University Students for Independence) (FUPI), the MPIPR affiliated group on the university level.

According to the source, the FEPI's primary purpose and objective since being organized is to indoctrinate the high school youth of Puerto Rico with the political thinking of the leadership of the MPIPR and FUPI and to recruit future membership for these organizations. The FEPI attempts to indoctrinate the pre-university level students in such a way that their only desire is in obtaining independence for Puerto Rico. The FEPI seeks to exterminate all vestiges of United States "intervention" in Puerto Rico, to join with other Puerto Rican independence-seeking groups in their cause, to protest against compulsory military service for Puerto Rican youths and condemnation of the United States for any intervention in the affairs of other countries in the world.

According to the source, the FEPI, with a current estimated membership of 160 members, is a menace to the high school system in Puerto Rico, as it seeks to ridicule, criticize and reject the educational norms established by the Puerto Rico Department of Public Education. The FEPI in the past has attempted to interrupt by any method, including violence, the methods of teaching in the school in Puerto Rico. The FEPI distributes propaganda in the schools and takes part in pickets and demonstrations organized by the MPIPR and FUPI.

Since its conception in 1963, the leaders of the MPIPR and FUPI have continuously counselled, directed and organized the FEPI and its activities.

Characterizations of the MPIPR and FUPI are attached hereto.

APPENDIX~~SECRET~~1FEDERACION DE UNIVERSITARIOS PRO-INDEPENDENCIA  
(FEDERATION OF UNIVERSITY STUDENTS FOR INDEPENDENCE)  
(FUPI)

The FUPI was organized in October, 1956, at the University of Puerto Rico (UPR), Rio Piedras, Puerto Rico, as a student organization working to obtain independence for Puerto Rico. A source advised the FUPI was elected an integral member of the International Union of Students (IUS), Prague, Czechoslovakia, in October, 1960.

During the 12th Annual FUPI Congress held on October 27, 28, and 29, 1967, in Rio Piedras, Puerto Rico, the organization's Executive Committee voted to sever relations with the IUS, inasmuch as delegates to the 9th IUS Congress held in Mongolia between March 27, and April 5, 1967, denied a FUPI sponsored motion which cited the student delegation of Chile as an organization which serves as a "screen for the Central Intelligence Agency."

The IUS has been cited by the Internal Security Subcommittee of the Senate Judiciary Committee in 1956 as being among "international communist fronts functioning at the present time" and by the Committee on Un-American Activities, U. S. House of Representatives, in 1951, as one of the "long established, Soviet-controlled international organizations."

The 12th FUPI Congress, which was dedicated to ERNESTO "CHE" GUEVARA, and to the National Liberation Front of Vietnam, in its "General Statement" as ratified on October 29, 1967, expressed solidarity with the "Black Nationalist Movement" in the United States; "reaffirmed its total support of decisions made by the Latin American Continental Organization of Students (OCLAE), a Latin American student organization based in Havana, Cuba; condemned the Selective Service law and proclaimed support to all who repudiate same; declared the "common enemy of all men is Yankee imperialism" and vowed "to struggle by any means for the obtaining of independence of Puerto Rico."

GRITO DE LARES  
SEPTEMBER 23, 1868

~~SECRET~~

The Partido Nacionalista Puertorriqueno (Nationalist Party of Puerto Rico) (NPPR) celebrates this date as the anniversary of the brief rebellion at Lares, Puerto Rico, against the Spanish regime, staged by a group of Puerto Rican revolutionaries. On this date, the Puerto Rico group established momentary control in the mountain town of Lares and proclaimed the Republic of Puerto Rico. This date has a special significance for the NPPR inasmuch as the main thesis of NPPR doctrine is the claim that Puerto Rican sovereignty was actually established on September 23, 1868, with the rebellion at Lares. The large NPPR celebration on September 23rd of each year is concentrated at Lares.

The NPPR has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

LIGA SOCIALISTA PUERTORRIQUEÑA  
(Puerto Rican Socialist League)  
(LSP)

~~SECRET~~

A source advised on January 13, 1964, that the LSP was formed in early January, 1964, by JUAN ANTONIO CORRETIJER, who had resigned from a top leadership position in another Puerto Rican pro-independence organization in October, 1963. CORRETIJER formed the LSP from a group of young men who were described as being militant, Marxist-oriented and devout followers of CORRETIJER.

According to the source, CORRETIJER's aim in the formation of the LSP was to have his own organization with the members completely indoctrinated in the theories of Marxism and Leninism. The LSP was formed on the socialistic concept with the purpose of striving for independence of Puerto Rico with the ultimate goal being the establishment of an independent socialistic type of government for Puerto Rico.

According to records of the Office of Intelligence, Police of Puerto Rico (OI, EOPR), the LSP currently includes about thirty members, mainly in the San Juan, Puerto Rico, metropolitan area, Ponce and Guayama, Puerto Rico. The LSP also has a small group of sympathizers in New York City and maintains fraternal relations with two New York City Marxist groups, the Workers World Party (WWP) and the Progressive Labor Party (PLP).

The LSP has two main publications, the "Correo de la Quincena" (CDLQ) and "Pabellon" both in newsletter format, but also publishes many leaflets, pamphlets, and reprints of Cuban Premier FIDEL CASTRO's speeches. In addition, the LSP disseminated the PLP newspaper, "Challenge-Desafio," in Puerto Rico.

LSP leader CORRETIJER and LSP members, during the latter part of 1966 and the first part of 1967, have attacked, in public speeches as well as in LSP publications, obligatory military service for Puerto Ricans. The September 24, 1966, edition of "El Mundo", a Spanish-language daily newspaper published at San Juan, Puerto Rico, carried an article reporting that during a speech the previous day at an independentist commemoration, CORRETIJER had urged Puerto Rican youth to resist obligatory military service by gunfire.

Characterizations of the PLP and WWP appear in the Appendix.

MOVIMIENTO PRO-INDEPENDENCIA DE PUERTO RICO  
(PUERTO RICAN INDEPENDENCE MOVEMENT) (MPIR)

~~SECRET~~

The MPIR was organized in November, 1963, at Ponce, Puerto Rico, to work for the independence of Puerto Rico. It has an estimated membership of between 1,000 and 1,300 people on missions throughout the Island of Puerto Rico and in New York, New York; Chicago, Illinois, and Buffalo, New York.

At the time the MPIR was organized, it indicated that it did not advocate violence, but would accept members who did.

MARI ERAS, the founder and dominant leader of this organization, in a speech during March, 1964, threatened violence comparable to that in Algeria, 1964, if Puerto Rico became a state within the United States. A source reported in 1966 that a leader of the MPIR has indicated that "the Revolution" would soon begin and another source advised that another official of this organization has attempted to obtain a list of automatic pistols.

Articles praising FIDEL CASTRO and the Cuban Government regularly appear in the MPIR publications. In 1961, the MPIR adopted a resolution expressing a full and complete approval of and solidarity with the Cuban revolution. It sent a delegation to the Afro-Continental Conference of African, Asian, and Latin American peoples, held in Havana, Cuba, during January, 1966, and it obtained a permanent delegate to the Secretariat located in Havana.

The press of Puerto Rico has reported that the MPIR has held numerous demonstrations protesting compulsory military service of Puerto Ricans and United States policy in Vietnam and the Dominican Republic.

In December, 1966, the Governor of Puerto Rico signed into law a bill calling for a plebiscite on July 23, 1967, to determine the future political status of Puerto Rico. The plebiscite, denounced vociferously by the MPIR as "an act of Yankee imperialism to maintain the colonial status of Puerto Rico," resulted in an overwhelming endorsement of the present Free Associated State status.

PARTIDO SOCIALISTA OBRERO  
(SOCIALIST WORKERS PARTY) (PSO)

~~SECRET~~

On April 30, 1968, a confidential source furnished a printed document captioned "Manifiesto Del P.S.O. A Todo El Pais" (Manifesto of the PSO to the Entire Country). It announces the creation of the new organization "Partido Socialista Obrero" and calls upon the youth of Puerto Rico as those who in the end "are going to defeat Imperialism, Colonialism and Capitalism by building a new society of peace and justice under the flag of Marxist-Leninist Socialism." The manifesto terminates with declarations that: It will work for unity of working people exploited by the rich; youth should unite against obligatory military service; it will respond violently in defense of life and country against the oppression of the FBI, CIA and Colonial Police. The manifesto is signed by a group of individuals with WILSON CORTES BURGOS identified as Secretary General of the organization.

The May 22, 1968, issues of "El Mundo" and of "El Imparcial," both Spanish language daily newspapers published in San Juan, Puerto Rico, carried articles concerning the formation of a new "political party" called the "Socialist Workers Party" in Aguadilla, Puerto Rico. According to the articles, the new organization advocates armed revolution and announced at a public meeting that it would secure weapons to achieve its objective of Independence and Socialism for Puerto Rico. The articles reported that at the public meeting in Aguadilla, Chinese communist leader, MAO TSE TUNG, was cheered and workers, countrymen and students were urged to battle against Capitalism.

On August 27, 1968, the same source reported that WILSON CORTES BURGOS justified the need for the new organization, PSO, with the declaration that it was the first independence-type organization which followed the Marxist-Leninist line as expounded by MAO TSE TUNG of Red China.

On September 16, 1968, a second source reported on an open meeting sponsored by the PSO in Lares, Puerto Rico, on September 14, 1968. WILSON CORTES BURGOS was the principal speaker and he criticized other independence groups for not being more militant. CORTES BURGOS declared that the PSO was aligned with the world communist movement and was following the Marxist-Leninist line of political activity.

On September 16, 1968, the first source advised that the first issue of the official publication of the PSO, "Obreros en Marcha" (Workers on the March) had been published.

In December, 1968, the first source related that NARCISO RABELL MARTINEZ, known to him as the former representative in Havana, Cuba, of a prominent independence organization in Puerto Rico, had become very active in the PSO and was in the process of organizing within the PSO the Movimiento Independencia Rebelde Armado (MIRA) (Armed Rebel Independence Movement) composed of select members of the PSO who are to be in charge of all sabotage and related activities of the PSO. RABELL, with the concurrence of WILSON CORTES BURGOS, has announced that the aim and goal of MIRA and PSO will be to attack and destroy by means of bombing or incendiaryism all the American owned businesses possible. According to the source, targets will also include other American establishments on the island of Puerto Rico such as National Guard Armories and military installations.

PROGRESSIVE LABOR PARTY (PLP)  
PROGRESSIVE LABOR MOVEMENT (PLM)

~~SECRET~~

A source advised on April 20, 1965, that the PLP, formerly known as the PLM, held its first national convention April 15-18, 1965, at New York City to organize the PLM into a PLP. The PLP will have as its ultimate objective the establishment of a militant working class movement based on Marxism-Leninism.

"The New York Times" City Edition, Tuesday, April 20, 1965, page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1965, under the name of the PLP. The PLP was described as an outgrowth of the PLM. Its officers were identified as MILTON ROSEN, New York, President, and WILLIAM EPTON of New York, and MORT SCHEER of San Francisco, Vice Presidents. A 20-member National Committee was elected to direct the party until the next convention.

According to the article, "The Progressive Labor Movement was founded in 1962 by Mr. ROSEN and Mr. SCHEER after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line."

The PLP publishes the "Marxist-Leninist Quarterly," a theoretical magazine; "Progressive Labor," a monthly magazine; "Challenge," a New York City newspaper; and "Spark," a west coast newspaper.

The June 1, 1965, issue of "Challenge," page 6, states that, "this paper is dedicated to fight for a new way of life where the working men and women own and control their homes, factories, the police, courts, and the entire government on every level."

The source advised that the PLP utilizes the address of General Post Office Box 808, Brooklyn 1, New York, but also utilizes an office in Room 622, 132 Nassau Street, New York City, where PLP publications are prepared.

WORKERS WORLD PARTY (WWP)

On April 17, 1959, a source advised that on February 12, 1950, a Socialist Workers Party (SWP) minority group, under the leadership of national committee member SAM BALLAN, known in the SWP as SAM MARCY, split from the SWP.

The source stated that this minority group, referred to as the Marcyites, after many years of program and policy differences on varied issues concerning tactics and interpretation of political events, split from the SWP on the grounds that the Party was liquidating itself by departing from the Marxist precepts of LEON TROTSKY and retreating from the fight for the world socialist revolution. The final issue which ultimately forced the split was the minority's opposition to the SWP regroupment policy which involved cooperation with the Communist Party (CP) periphery. Individuals characterized by the minority as petty-bourgeois.

The minority program, according to the source, advocates the unconditional defense of the Soviet Union and has as its goal the building of a revolutionary party with a complete proletarian orientation for the purpose of overthrowing capitalism in the United States and throughout the world.

On May 12, 1960, the source advised that this minority group had chosen the name Workers World Party with headquarters located at 46 West 21st Street, New York, New York.

The SWP and the CP have been designated by the Attorney General of the United States pursuant to Executive Order 10450.
